Summary

UI/UX Designer with hands-on experience designing 15+ mobile screens for a wellness application, from user research through high-fidelity prototyping. Proficient in Figma, design systems, and user-centered design process, with a frontend development background (HTML/CSS/JS) that enables smoother designer-developer collaboration. Seeking a Fresher UI/UX Designer role to apply user-centered design thinking to real-world products.

Skills

UX Process - User Research, User Surveys, Persona Development, Empathy Mapping, Problem Definition, User Flows, Information Architecture, Wireframing (Low-Fidelity & High-Fidelity), Prototyping, Design Systems, Interaction Design, Responsive Design, Visual Design, Design Thinking

Design Tools - Figma, Adobe Photoshop, Adobe Illustrator, Canva

Frontend Development - HTML, CSS, JavaScript, Bootstrap, Responsive Web Design

Projects

Zenvy – AI Lifestyle & Wellness App 12/2025 – 02/2026

A mobile wellness app designed to help users track mood, build habits, and gain personal wellness insights through AI-driven recommendations.

- Conducted user surveys to identify pain points in wellness app usage; defined problem statement and design objectives
- Developed 2 user personas and an empathy map to align design decisions with target user needs and motivations
- Mapped complete UX design process — research, ideation, wireframing, and prototyping
- Created low-fidelity and high-fidelity wireframes for 15+ screens (onboarding, mood tracking, habit analytics, dashboards)
- Designed responsive, high-fidelity UI in Figma with a consistent visual design system (typography, colors, components)

Professional Experience

Graphic Design Freelance Experience 10/2024 – Present

- Designed social media posters, promotional creatives, and marketing banners for local businesses and personal brands
- Created visually engaging layouts aligned with brand identity
- Worked on typography, color hierarchy, and visual storytelling
- Delivered designs optimized for digital platforms

Education

Bachelor of Computer Applications 2022 – 2025
Tiruppur Kumaran College for Women Tiruppur, India
CGPA - **8.4/10**

Certificates

- UI/UX Master Program — FITA Academy (2026)
